

4th Grade

English 4 - BJU - *English 4* places an emphasis on English grammar and usage as well as practice with essential reference skills for using dictionaries and encyclopedias. Parts of speech and sentence structures are examined in detail to help students gain a mastery of grammar. The Writing Process is explained step-by-step to be implemented in a variety of writing assignments, such as a personal narrative, a research report, and a business letter.

Literature - Purposeful Design - Fourth graders will be introduced to the beauty of language and the imagery and complexity of fine stories in this integrated Literature and Language Arts Program. The program presents a literary world, appropriate to a fourth grader's sensibilities, that fosters thinking and discusses values, ideals, and behavior.

Spelling - Purposeful design - Includes 36 hands-on lessons to challenge and enhance student spelling skills, and meaningful and grade-appropriate activities to foster both proficiency and confidence in spelling. Grade Three student features: phonics, word Study, writing, and the use of spelling words in context. Spelling word lists increase to 22 words.

Heritage Studies 4 - BJU - *Heritage Studies 4* chronologically covers United States history from the beginning of America through World War II, and the lessons include seven chapters on the regions of the United States. Each chapter includes stunning art, maps, timelines, graphs, photos, and quick-check questions. Some chapters have an extended activity and biographies to enhance learning.

Math 4 - Purposeful Design - *Math 4* provides an interactive approach to build your student's understanding of multiplication, division, decimals, fractions, geometry, and pre-algebra.

Science 4 - Purposeful design - *Science 4* allows students to explore creation through an understandable and engaging presentation of text, diagrams, photographs, and illustrations. This elementary science educational materials contains instructions for interactive experiments, projects, and activities. It promotes higher-level thinking skills through brief writing exercises. The textbook discusses a spectrum of scientific fields including ecosystems, plants, insects, the eye, the digestive system, and principles of motion and energy.

Pasaporte al Español - BJU - Step 4 each work text page activity is designed as practice of the material presented in the previous lesson and reviewed in the current lesson. Built-in flashcards are part of each page. The back of each work text page includes a dictation exercise, a Bible verse, a Bible truth, a Bible song, or a recipe from a country emphasized in the unit. In addition many pages include an "Algo mas" section to encourage student creativity as he demonstrates and assimilates his learning in this going beyond section. Each work text includes a sheet of stickers and a passport page as well as a certificate of completion and a Letter to Parents.

Building Life Castles - Positive Action - Our lives are like castles that God can build into strong and beautiful monuments to His grace. Students will discover God's redemptive love by studying the life of Christ, the work of the Holy Spirit, and the ministry of the Apostle Paul.

Curriculum Offerings by Grade for 2016-2017
