

## **Grade 6**

**English 6 Grammar & Writing** - BJU - *English 6* emphasizes traditional grammar as well as practice with essential reference skills. The elementary English educational materials provides a step-by-step introduction to the Writing Process for eight different types of writing assignments, such as personal narratives, newspaper editorials, historical fiction, and limericks.

**Literature Pearl** - Purposeful Design/Modo Press - *Pearl* harnesses the power of literature for thinking and writing about the difficult issues with which we all grapple: friendship, fairness, loyalty, and personal courage. The curriculum questions teach students to synthesize basic facts and apply them to other situations, to reason inferentially, to speculate, and to compare and contrast. Creating and Writing Exercises enable students to thematically explore each selection using every literary genre.

**Spelling** - Purposeful design - Includes 36 hands-on lessons to challenge and enhance student spelling skills, and meaningful and grade-appropriate activities to foster both proficiency and confidence in spelling. Grade Three student features: phonics, word Study, writing, and the use of spelling words in context. Spelling word lists increase to 25 words.

**Heritage 6** - BJU - *Heritage Studies 6* takes students on a tour of the history and culture of ancient civilizations like Egypt, China, Israel, Greece, Africa, the Mayas, and the Roman world. The elementary history text provides a richly illustrated narrative of the history and culture of ancient civilizations. Though written for the elementary school level, the history educational materials still provides a detailed and engaging account of ancient history.

**Math 6** - Purposeful Design - *Math 6* develops solid problem-solving skills in preparation for algebra, teaches methods of estimation, and familiarizes students with the use calculators to solve math problems. The elementary math educational materials emphasizes the application of math to real-life situations. In addition, manipulatives are used to assist the student with the math concepts presented.

**Science 6** - Purposeful design - *Science 6* explores God's creation in a study of life science, physical science, earth and space science, and the human body. Students develop science process skills by participating in hands-on activities and projects. The Science 5 student text provides fascinating scientific information through understandable text, charts, diagrams, and colorful photographs and illustrations.

**Pasaporte al Español** - BJU - Step 6 each work text page activity is designed as practice of the material presented in the previous lesson and reviewed in the current lesson. Built-in flashcards are part of each page. The back of each work text page includes a dictation exercise, a Bible verse, a Bible truth, a Bible song, or a recipe from a country emphasized in the unit.

**Winning the Race** - Positive Action- in *Winning the Race*, Students will discover how various Bible characters strove to win the race that God set for them. This study also presents an overview of New Testament doctrine, including the past, present, and future work of Christ.

Curriculum Offerings by Grade for 2016-2017
